

# North Central Local School

HOME OF THE EAGLES

January—March 2020

## From the Superintendent's Desk

Dear Friends of the North Central Local Schools,

**THANK YOU for your support of our schools which supports our mission! I want to get the word out that NCLS will be on the March 17, 2020 ballot for a .5% earned income tax for the purpose of operating our schools. We have not asked for any new operating money for over 15 years. Please contact me if any questions or concerns arise. I am also available to meet with you or a group at any location you prefer to answer questions. We depend on our great communities for support in all things we do!**

The 2019-2020 school year is almost half over, and with that brings the Christmas season and the welcoming of a new calendar year. I hope you take time to visit our buildings and see for yourself the great things happening here at NC Schools. **We love our kids and community. NC is a place where all students, staff, and communities belong!!!**

We have some events on our schedule starting in January 2020. **The NCLS will have a professional development day for ALL staff on Tuesday, January 21, 2020. Which means there will be no school for our children that attend school here at our Pioneer campus. We also have no school on Monday, January 20, 2020 as well, which is the Monday prior to the PD for our staff. The last professional development day for ALL staff will be Friday, February 14, 2020, which means no school for our children that attend school here at our Pioneer campus. We also have no school on February 17, 2020 as well, which is the following Monday.**

Reminder: Bus routes are adjusted throughout the school year as students move and new students come to the district. I would like to remind families that students

are to be picked up and dropped off at their safe spot. **Please be patient with the process. Please contact the transportation director's office if questions arise.**

The determining factor for delaying or cancelling school, is always the safety of our students. Also, follow us on Twitter @NC\_eagle and Facebook as we post there first. The **AM Delays or School Closings** alerts have been popular this year.

**The Swiftk12Alert System is a great method of communication for school activities and weather delays. We hope the use of this system is helpful to our staff and parents and gives our students timely information when necessary. If you have any questions or need to make changes, please call Kendra (NC Junior High/ High School) at 419-737-2366 or Julie (NC Elementary School) at 419-737-2293.**

The winter sports programs and activities are in full action. Take time to attend an activity and support the students/staff in their extracurricular activities. Senior citizen passes are available in the North Central Athletic Director's room or High School Office for district residents who are ages 65 and over. These passes grant free admission to all home athletic events.

On a final note, I invite you to become an active part of our school district and to get involved in the lives of our young people by attending as many of the student activities as your schedule allows. Please feel free to visit me at my office in the North Central Local Schools BOE Offices or if you have comments or concerns about the school district, please feel free to contact me at any time. My email address is [whanak@northcentralschool.org](mailto:whanak@northcentralschool.org) and the phone number is 419-737-2392 x5210.

Go Eagles!

William D. Hanak,  
Superintendent

## Elementary - Principal's Report

Elementary Parents, Christmas break is here and hopefully everyone is ready for the holiday season. It is always a busy time of the year but a very rewarding time during the Christmas season. Here are a few of the things that we are doing to support our students and community over the Christmas season.

The 3<sup>rd</sup> graders are singing Christmas carols throughout the community and at our senior center. The students are writing Christmas cards to patients in the Toledo Hospital wishing them a Merry Christmas. Our main objective is to provide a joyful Christmas for 78 students in the elementary school, made possible through donations from community churches, community members, community businesses, and the elementary

staff. This shows the true meaning of Christmas made possible by so many for our Pioneer children.

Merry Christmas and we will resume classes on January 6, 2020.

*Andy Morr,  
Elementary Principal*

## Pre-K and Kindergarten Registration and Screening

North Central Schools' pre-kindergarten and kindergarten registration for the upcoming 2020-2021 school year is a call-in procedure. If your child will be five years old on or before September 30, 2020, and you intend to enroll them in pre-kindergarten or kindergarten, please call 419-737-2293 between February 3 and February 28, between the hours of 7:45 a.m. – 2:45 p.m. to register your child and make an appointment for the Pre-Kindergarten/Kindergarten Clinic. **Your child is required by State law to be screened at the clinic before they can enter school in August.** You will be asked to give your child's name, birth date, parents' name and address, telephone number, and preschool information (if applicable).

Pre-Kindergarten and Kindergarten Clinic will be held Wednesday, April 8<sup>th</sup> and Thursday, April 9<sup>th</sup> at North Central Elementary School. Scheduled times both days are 8:00 and 10:00 a.m. and 1:00 p.m. You will need to bring the following information

to the clinic appointment: child's birth certificate, immunization record, and custody document (if applicable). These are all state requirements for school enrollment. Parents are also required to attend the clinic with their child.

The screening staff will include a nurse, speech and hearing therapist, elementary consultant, kindergarten teachers, physical education teacher, guidance counselor, and principal. Prospective students will be participating in the state mandated kindergarten screening as a part of the assessment.

We ask that everyone intending to send their child to pre-kindergarten or kindergarten, call in to register and make an appointment. We base how many sections of pre-kindergarten and kindergarten we will have for the school year from the number of students we receive at this screening. At the conclusion of the screening, your child's screening results will be reviewed by the staff. Classroom placement will be determined at this time and the school will notify you regarding your child's classroom place-

ment for the 2020-2021 school year.

Those who do not attend the April clinic may have to wait until after school starts next year to have their child go through the screening. It is much easier for everyone involved if parents register and bring their child to the April clinic.

North Central also intends to once again house a preschool unit which will be operated by the Northwest Ohio Educational Service Center. The preschool is for students ages 3-5. Please contact the Northwest Ohio Educational Service Center at 567-444-4800 for more information regarding the preschool.

If you have any questions regarding pre-kindergarten and/or kindergarten screening clinic, please contact the elementary office at 419-737-2293.

*Julie Page,  
Elementary Secretary*

## Sneakers For Students

What do you do with that pair of tennis shoes once your child outgrows them? Is there a sibling to hand them down to? If not North Central Elementary would gladly take your slightly used sneakers and "recycle" them for other students to use in physical educa-

tion class. You may send the shoes to school with your child to give to Mr. Hutchison or drop them off in the elementary office. We are especially in need of very small sizes 11-1 youth, and adult sizes 6-15. Thanks in advance for helping us ensure that all students have a

pair of sneakers for physical education.

*Kent Hutchison,  
Elementary Phys. Ed.*

## Box Tops for Education

Let me begin by sending out a huge THANK YOU to everyone who collected and sent in Box Tops last year and so far this school year! Your support is greatly appreciated!

The Box Tops you collect provide the support we need to fund our Fun Fitness Field Days that are held for grades 1-3 and 4-6 each year in May. The money is also used to purchase new equipment for physical education classes. Much of the equipment we have purchased the last few years was focusing on improving students' fitness levels and overall health, as well as equipment utilized at recess.

The Box Tops for Education program is changing the way we can earn cash for our school! Over the summer, participating brands have begun to change their packaging from the traditional Box Tops clip to the new Box Tops label shown below.

## MyPlate Program

Elementary physical education classes at North Central are once again partnering with the Williams County Health Department for a program called Serving Up MyPlate. During physical education class, students will explore how to make healthy food choices and be physically active. Our school hopes these activities will support your efforts at home to help your child develop healthy eating habits. Beginning in October, students in grades K-6 will be given information in physical education class that was discussed and then sent home with the students for the

Going forward, instead of clipping from packages and checking expiration dates, all Box Tops will be earned digitally by scanning your receipt. The Box Tops for Education team has worked hard to build a NEW-and-improved, user-friendly Box Tops mobile app, available now at the App Store or Google Play.

**BE SURE TO DOWNLOAD THE NEW APP OR UPDATE YOUR EXISTING APP:**

The new app features state-of-the-art technology that allows you to scan your store receipt, find participating products and instantly add Box Tops to our school's earnings online.

If you still have traditional Box Tops clips at home, make sure to send them to school. We will still earn cash for all clipped Box Tops until they expire. Better yet, you can “double dip” during the packaging transition by clipping traditional Box Tops AND scanning your store receipt containing participating products.

Our goal again this year is 25,000 Box Tops. While that seems like a large amount, broken down by class that only amounts to a little over 1300

per class.

With your continued support we can reach our goal! Please continue to send the Box Tops in with your child. If you are a community member who does not have any children in school, you can still participate by sending the Box Tops into the elementary school to the attention of Kent Hutchison or by dropping them off at the Elementary Office.

Thanks again to everyone for their continued support of the Box Tops for Education program! If you have any questions, please contact Kent Hutchison by phone at 419-737-2293 or via email at [khutchison@northcentralschool.org](mailto:khutchison@northcentralschool.org).

Thanks for helping our school get what it needs!

*Kent Hutchison,  
Elementary Phys. Ed.*

parents to utilize. Please be on the lookout for handouts coming home each month that will show what we are learning at school about making healthy choices. Often there are recipes as well. You are encouraged to try this recipe at home. This is a great opportunity to talk with your child about nutrition, try new foods together, and get your child involved in making healthier meals and snacks. For more information on the program and for additional resources you can use at home, please check out [ChooseMyPlate.gov](http://ChooseMyPlate.gov).

Additionally, third graders will

be participating in a more extensive program in January. For more information on the program please go to the link below. This resource is titled “Fruit and Veggie Toolkits for Kids” and can be used for any grade level, not just third grade.

---

## Kid's Heart Challenge

On Wednesday, March 11th, students in grades 1-6 will once again be participating in the Kid's Heart Challenge (Formerly known as Hoops and Jump Rope for Heart).

As a reward for the donations they collected, students will have an opportunity to have fun and improve their heart health by working on their basketball skills in friendly competition. Students also are awarded prizes for the donations they contributed.

Once again last school year, the students, as well as staff, parents, other family members, and the community did an outstanding job. The goal for the event was \$6000. The students

far exceeded this standard by collecting an amazing \$6914.58, just a few dollars short of last year's school record of \$6988.39, for the American Heart Association! Thanks to their hard work and the generosity of many of you, the students will assist the American Heart Association in reaching their goals as well!

Money raised by the event helps to fund research, programs, and education to fight heart disease and stroke, our nation's No. 1 and No. 3 killers. Since 1995, North Central Elementary has contributed almost \$109,000 to the American Heart Association.

Thanks to all the students, staff, families, and community members who

were a part of this year's Kid's Heart Challenge program through participation or donations. For more information on the Kid's Heart Challenge, please visit <http://american.heart.org/kidsheartchallenge/>

Information on this year's Kids Heart Challenge will be sent home with students in late January or early February. Please be on the lookout for information at that time.

*Kent Hutchison,  
Elementary Phys. Ed.*

## Fun Fitness Field Days Dates Announced

Thanks to all the parents, grandparents, and other family and community members who assisted with Field Day last year! Without your participation, we could not continue to provide this fun event.

For the 2019-2020 school year, Field Day for grades 1-3 will be held on Friday, May 8th, with a rain date of Monday, May 11th. Grades 4-6 will have their Field Day on Monday,

May 15th, and the rain date is scheduled for Monday, May 18th.

As in the past, in order for the events to take place we need YOU! Several volunteers are needed to be group leaders and possibly station leaders. If you are interested in helping with one or both of these field day events, please mark your calendars. More information on signing up for the events will be sent home with students in March.

You may email Mr. Hutchison at [khutchison@northcentralschool.org](mailto:khutchison@northcentralschool.org) to volunteer, or if you have any questions. We look forward to seeing you on these dates and sharing these fun days with our students and staff.

*Kent Hutchison,  
Elementary Phys. Ed.*

## Right To Read Week

Right to Read week took place from September 30-October 4. This year's theme was "Discover the Magic of Reading." Each day students and staff had the opportunity to dress up for the daily theme. The themes included "Magic is illuminating" (students wore yellow, bright, or neon colors), "Magic is powerful" (students dressed as superheroes), "Magic is mysterious" (students dressed mysteriously), "Magic is transforming" (students dressed as their favorite book characters), and "NC is a magical place" (students wore NC apparel and/

or black, white, and red).

Each night students were encouraged to read at home and return signed slips to their classes.

Each day incorporated a Daily Drop Everything and Read time.

The week ended with Thomas Edison visiting the building and holding two assemblies and then providing hands on mini lessons for some of the older students.

The classes with the highest reading percentages were Mrs. Borton's kindergarten class and Mrs. Waldron's fourth grade class.

This year's right to read committee included Abbie Apple, Angie Beauregard, Amanda Blohm, Sharon Deetz, Kendra Ely, Mary Smith, and Barb Waldron.

Thank you to everyone who participated and helped make Right to Read week a "magical event".

*Sharon Deetz,  
Elementary Reading Specialist*

## Spelling Bee

The North Central Spelling Bee was held on Friday, November 22nd. Grades fifth through eighth participated, with the top three spellers from each grade competing for the chance to

represent our school at the county level. Our winner was 6th grader, Carter Eckley, and our runner-up was 5th grader Claire Gendron. The two will continue on to the Williams County Spelling Bee,

which will be held at Montpelier on Tuesday, January 21st at 7:30 pm.

*Elizabeth Stein,  
6th Grade*

## Junior High/High School - Principal's Report

As we close the first semester of the 2019-2020 school year, I am amazed when I think of the outstanding staff and students I get to work with every day! The first few months of this school year have flown by. I am sure the second semester will go even more quickly.

### Upcoming events:

- PD day--Jan 21 (no school for students)
- Homecoming--Feb. 1
- Williams Co. Honors Band and Choir Concert--Feb. 23
- Spring Break--March 16 - 20
- Prom--Sat. April 25
- Musical--May 1-3
- 8th grade reward trip--May TBD
- Commencement--May 31

### Some of our accomplishments:

- Successful college and career day
- Transition to an 8 period day
- Testing out a new exam schedule

*Marcia Rozevink,  
JH/HS Principal*

## Scheduling for 2020-2021 School Year

Scheduling for the 2020-2021 school year will begin in late January. This will affect students who are currently in grades 6-11. Your child will bring home a registration paper for you to look at. Please take the time to discuss with your child the classes that he or she is planning on taking.

There will be a meeting for all 6th grade students and their parents on Tuesday, February 4, 2020 from 6:00 p.m. – 6:45 p.m. in the Auditoria. The

purpose of this meeting is to provide you with information about junior high rules and procedures and classes your child will be taking in junior high.

There will be a meeting for all 8th graders and their parents on Tuesday, February 4, 2020. The purpose of this meeting is to discuss the classes that will be available to them in high school, to present information about the Ohio Graduation Exam and to explain to you and your child the policies and proce-

dures pertaining to the high school. The meeting will begin at 6:45 p.m. in the Auditoria.

If you have any questions about the 2020-2021 school year, please contact Diane Veres in the high school office.

*Diane Veres,  
7-12 Guidance Counselor*

## Four County Career Center

Four County Career Center is an option for Juniors and Seniors. Applicants must be entering their third year of high school, with no less than eight credits. Five of the eight credits must be from the following courses: English, math, science, social studies, health and physical education.

Class fees, uniform requirements and equipment expenses vary by career and technical program. Payment plans are available to students who may be unable to pay these fees.

North Central does provide transportation to students attending Four County. Four County school hours are 9:00 a.m. to 3:00 p.m.

When a student applies to a Four County Career Center program they and their parents/guardians are making a two year commitment.

Upon successful completion of a career and technical program and academic courses, Four County Career Center students graduate and receive a high school diploma from North Central. Ca-

reer Center students will also attend a Recognition Day ceremony where they receive their Career & Technical Certificate of Completion and Career Passport.

If interested in Four County, students must apply online at [www.fourcounty.net](http://www.fourcounty.net).

*Diane Veres,  
7-12 Guidance Counselor*

# North Central Local School

---

## College Credit Plus

North Central High School is currently providing information to parents whose child may be interested in being part of the College Credit Plus Program for the 2020-2021 school year. The purpose of the College Credit Plus Program is to provide students who are intellectually and socially capable of doing college work with an additional education option. Students may enroll in full or part time courses

for high school and/or college credit. The program is intended to complement rather than replace the high school curriculum.

There is no tuition cost to the student, or the student's family, to be accepted into the College Credit Plus Program. The college will not charge a student for textbook, materials, or other fees directly related to the coursework.

A College Credit Plus meeting will be held on Monday, February 10, 2020 at 7:00 pm at Montpelier High School. All interested students and parents must attend this meeting.

*Diane Veres,  
7-12 Guidance Counselor*

## Levy Information

### North Central Local Schools March 17, 2020 .5% Earned Income Tax Levy

#### 1) What is an Earned Income Tax Levy?

Earned income excludes investment and retirement income. Like the income tax levied on taxable income, this tax applies to school district residents regardless of where they live. Please see [tax.ohio.gov](http://tax.ohio.gov) to determine how this would affect you.

Earned Income: The earned income tax base does not use a specific line from your federal or Ohio tax return. Instead, it is based on your "earned income" and must be calculated by completing lines 24 through 27 on the SD 100.

"Earned income" includes only the following items to the extent they are included in your modified adjusted gross income:

- Employee compensation such as wages, salaries and tips; AND
  - Self-employment income from sole proprietorships and partnerships.
- "Earned income" does not include items such as retirement income, interest, dividends and capital gains.

#### 2) How is an Earned Income Tax Different than a Traditional Income Tax?

An earned income tax will only tax W-2 compensation or self-employment income that is subject to the self-employment tax. Income that is not taxed would include retirement income,

Social Security income, IRA distributions, pensions, unemployment compensation, workers compensation, interest and dividends, capital gains, royalties, profit from rental activities, lottery winnings, distributive shares of profit from S Corporations, alimony received and distributions from trusts and estates.

#### 3) What will money collected from this levy be used for?

Operating expenditures are expenses paid for through the school district's general fund. The levy will continue to fund day-to-day operational expenses. These include the following: transportation costs, utilities, technology, textbooks, consumable materials, salaries and benefits for all staff, contracted services including special education, mandated costs including testing and inspections and supplies including custodial and maintenance.

#### 4) Why Earned Income Tax?

It diversifies our income. It will fluctuate as a resident's income goes up or down. It lessens the burden on senior citizens, many of whom are on a fixed income. It spreads the tax amongst all who live in the district and earn income rather than just those who own real property.

#### 5) At What Rate will this Levy Tax?

0.50%

#### 6) Why is NC asking for this levy now?

The district has operated 15 years without any new operating taxes. We have experienced rising costs due to inflation and health care premiums. Additionally, we have lost 14.5% in property tax revenues over the past 3 years due to property tax reimbursement being phased out.

#### 7) Why is NC asking for this levy to be continuing?

The district has operated 15 years without any new operating taxes. We see the need to have the money not as a temporary need but a need to continue to fund our district now and into the future. We see no change in the way the state continues to take away funding from school districts.

#### 8) I have some specific questions related to a school district earned income tax. Where can I look for additional answers?

Below is a link to a document titled, Ohio's School District Income Tax. In this publication there are 41 common questions and answers. [https://www.tax.ohio.gov/Portals/0/tax\\_analysis/tax\\_data\\_series/school\\_district\\_data/SDITqa.pdf](https://www.tax.ohio.gov/Portals/0/tax_analysis/tax_data_series/school_district_data/SDITqa.pdf)

*William D. Hanak,  
Superintendent*

## NC Hall of Fame

North Central Local School System is currently accepting nominations for the North Central Hall of Fame. The requirements for eligibility are:

- A candidate must have graduated from any school that would have been located in the current North Central School District (Pioneer High School, Kunkle High School, North Central High School) at least twenty years prior to selection.
- Must exhibit outstanding, noteworthy achievement in areas such as:
  - + Community involvement

- + Career success and/or unique contribution
- + Positive role model
- + Leadership

Nomination forms are available on the school's website at <http://www.ncschool.k12.oh.us/>. You can also call the school at (419) 737-2366.

*Diane Veres,  
7-12 Guidance Counselor*

## Vaping PSA

Dear Parents and Guardians,

State and local public health officials in Ohio and nationally are investigating reports of serious lung illnesses in individuals after vaping, many of them young people. The U.S. Centers for Disease Control and Prevention says that these lung illnesses are all linked to vaping and likely associated with chemical exposure, but it is too early to pinpoint a single product or substance common to all cases.

The majority of these cases are youth and young adults. Almost all states have reported vaping-related lung injury cases, and the Centers for Disease Control and Prevention is reporting more than 2,000 cases nationally as well as a number of deaths.

Following the warnings of the U.S. Surgeon General, Ohio Department of Health Director Amy Acton, MD, MPH, has recommended that all individuals stop vaping until more is known about these lung illnesses through the public health investigations.

Vaping is a public health crisis among our youth.

Through intentional marketing practices and bubble gum, fruit, and candy-flavored vaping liquids, the vaping industry is trying to addict our next generation on nicotine. As a result, there has been a 135% increase in high school students vaping since 2017. Most of this marketing occurs through social media and is targeted toward youth. Consequently, you probably do not even see it and may want to talk with your child about vaping and the ads that they may be seeing.

Ohio Governor Mike DeWine has urged the Ohio General Assembly to ban

flavored vaping liquids, and has asked the U.S. Food and Drug Administration to take swift action to draft and adopt rules to ban flavored e-cigarette products. Under Governor DeWine's leadership and action taken by the General Assembly, the legal minimum age to purchase tobacco and vaping products increased from 18 to 21 on October 17, 2019.

There is a great deal of evidence showing that vaping (sometimes known as "JUULing" because of the most popular vaping device brand, JUUL) is unsafe for kids, teens, and young adults. Most e-cigarettes contain nicotine even though many youth and parents may not realize it. Nicotine is highly addictive and can harm adolescent brain development, which continues into the mid-20s. Besides nicotine, vaping liquid and devices also contain substances that may be harmful when breathed in, including heavy metals such as nickel and lead, volatile organic compounds which can adversely affect breathing, and chemical flavorings that are linked to serious lung disease. Some e-cigarette pods or cartridges marketed for single-use can be refilled with illicit or unknown substances purchased on the street which can be extremely dangerous. In addition, young people who vape are more likely to smoke tobacco cigarettes in the future.

It may not be readily apparent to you whether or not your child is vaping. Vaping devices can take many forms and may look like a flash drive or other computer accessories. New generations of vaping devices emit very little vapor, and it may be difficult to detect their use.

If you have not already done so, please consider having a frank discussion with your child about vaping. The U.S. Sur-

geon General offers some great tips in "Talk with Your Teen About E-cigarettes: A Tip Sheet for Parents." Some basic points include:

- Get credible information about e-cigarettes and young people
- Find the right moment for a natural discussion about vaping
- Avoid criticism and encourage an open dialogue

If you already know, or discover, that your child is vaping, there are free options to help them quit. The Ohio Tobacco Quitline (1-800-QUIT NOW) sponsored by the Ohio Department of Health offers the "My Life My Quit" program specifically for young people. A national organization called the Truth Initiative sponsors another good program called "This is Quitting." This program offers an option for parents who want to help kids stop vaping. More information about all of these resources is outlined below. You also may want to consult with your child's healthcare provider for quitting advice. If your child vapes and experiences chest pain, coughing, shortness of breath, or nausea, contact a medical professional immediately.

Working together, we have the best opportunity to safeguard the health of our youth.

Sincerely,

North Central Local Schools  
Administration
